Austria

EFAS 2017 Program

Thursday, 16 th February 2017			
EFAS School		10.25-10.45	Interventional MSA trials: why have they failed so far? – <i>F. Krismer, Innsbruck</i>
08.30-08.40	Welcome – <i>G. K. Wenning, Innsbruck / W. Struhal, Linz</i>	10.45-11.00	Coffee break
08.40-09.05	A Physiologist's view on ANS function <i>I. Rocha, Lisbon</i>	Session II	Sleep and epilepsy
09.05-09.30	A Neurologist's view on ANS function <i>H. Lahrmann, Vienna</i>	Chairs:	<i>P. Cortelli, Bologna</i> and <i>G. Calandra-Buonaura, Bologna</i>
Autonomic work stations (2 groups, max n=10, 45 minutes)	Background/case presentations	11.00-11.20	RBD in neurodegenerative disease – <i>P. Cortelli, Bologna</i>
09.30-11.10 Rotation: 10.15-10.25	Tilt table testing <i>A. Fanciulli, Innsbruck / A. Pavy Le Traon, Toulouse</i>	11.20-11.40	IGLON 5: REM Parasomnia with autonomic involvement – <i>B. Högl, Innsbruck</i>
09.30-11.10 Rotation: 10.15-10.25	Unclassified TLOC: targeted history taking <i>M. Sojer, Innsbruck / J. G. Van Dijk, Leiden</i>	11.40-12.00	Narcolepsy: translational evidence – <i>A. Silvani, Bologna</i>
11.10-11.40	Coffee break	12.00-12.20	Ictal asystole: life threatening vagal storm or a benign seizure self-termination? – <i>R. Thijs, Leiden</i>
11.40-13.20 Rotation: 12.25-12.35	Seizure or syncope: role of Video-EEG monitoring <i>I. Unterberger, Innsbruck / R. Thijs, Leiden</i>	12.20-12.40	Sudden death in familial dysautonomia: Mechanisms and risk factors – <i>Alberto Palma, New York</i>
11.40-13.20 Rotation: 12.25-12.35	Urogenital function testing <i>G. Kiss, Innsbruck / D.B. Vodusek, Lubljana</i>	12.40-14.00	Lunch and poster session Chairs: <i>V. Iodice/ A. Pavy Le Traon</i>
13.20-14.00	Lunch	Session III	Syncope and Postural orthostatic tachycardia Syndrome (POTS)
14.00-15.40 Rotation: 14.45-14.55	Gastrointestinal dysfunction <i>H. Zoller, Innsbruck / A. Finkenstedt, Innsbruck</i>	Chairs:	<i>J. G. Van Dijk, Leiden</i> and <i>A. Fanciulli, Innsbruck</i>
14.00-15.40 Rotation: 14.45-14.55	Sleep disorders <i>B. Högl, Innsbruck / P. Cortelli, Bologna</i>	14.00-14.20	Vasovagal syncope with asystole: to pace or not to pace? <i>M.Brignole, Lavagna</i>
15.40 – 16.00	Coffee break	14.20-14.40	Psychogenic pseudosyncope: diagnosis and follow-up– <i>J.G. Van Dijk, Leiden</i>
16.00-18.00	Round Table discussion: Diagnosis and management of supine hypertension <i>A. Fanciulli, Innsbruck / P. Cortelli, Bologna / J. Jordan, Hannover / H. Kaufmann, New York / L. Norcliffe-Kaufmann, New York / H. Lahrmann, Vienna / M. Hilz, London / A. Pavy Le Traon, Toulouse / W. Struhal, Linz / G.K. Wenning, Innsbruck, on behalf of the EFAS/AAS Joint Taskforce on supine hypertension (EFAS/AAS Position Statement to be submitted to CAR)</i>	14.40-15.00	POTS or POTSS? Critical reappraisal of the pathophysiology – <i>W. Struhal, Linz</i>
		15.00-15.20	Coffee break
		Session IV	Genetic autonomic disorders
		Chairs:	<i>H Kaufmann, New York</i> and <i>Maria Teresa Pellecchia, Salerno</i>
		15.20-15.40	Hereditary sensory and autonomic neuropathies – <i>L. Norcliffe-Kaufmann, New York</i>
		15.40-16.00	Autonomic dysfunction in LARRK 2 Parkinson cases – <i>B. Tijero, Bilbao</i>
		16.00-16.20	Contursi Parkinson disease cohort – <i>M. T. Pellecchia, Salerno</i>
		16.20-16.40	Interventional therapies in Fabry's disease – <i>M. Hilz, London</i>
		Session V	Botulinum-Toxin in autonomic disorders
		Chairs:	S. Bösch, G.K. Wenning
		16.40-17.00	Hyperhidrosis – <i>S. Bösch, Innsbruck</i>
		17.00-17.20	Esophageal motility disorders – <i>H. Zoller, Innsbruck</i>
		17.20-17.40	Detrusor hyperreflexia – <i>D. Vodusek, Lubljana</i>
		17.10-17.40	Oral presentations of selected abstracts incl. EFAS Best Poster Award
		17.40-17.50	Concluding remarks – <i>G.K.Wenning, Innsbruck</i>
		17.50-18.30	EFAS Board meeting
Friday, 17 th February 2017			
EFAS Meeting			
08.30 -08.40	Opening ceremony: <i>W. Struhal, Linz</i> – EFAS Board <i>G. K. Wenning, Innsbruck</i> – Congress President		
Session I	Cardiovascular autonomic failure		
Chairs:	<i>G.K. Wenning, Innsbruck</i> and <i>G. Ransmayr, Linz</i>		
08.40-09.05	Otto Loewi Memorial Lecture: Premotor Parkinson's disease: a therapeutic window of opportunity <i>W. Poewe, Innsbruck</i>		
09.05-09.25	Peripheral biomarkers in α -synucleinopathies: an update – <i>V. Iodice, London</i>		
09.25-09.45	Cardiovascular autonomic failure: diagnosis and prognosis – <i>A. Fanciulli, Innsbruck</i>		
09.45-10.05	Cardiovascular autonomic failure: therapeutic advances – <i>H. Kaufmann, New York</i>		
10.05-10.25	Preclinical MSA testbeds: what is in the pipeline – <i>N. Stefanova, Innsbruck</i>		

Congress president

G. K. Wenning, MD, PhD,
MSc

Congress secretary

A. Fanciulli MD, PhD

Scientific committee

P. Cortelli, MD *Bologna*
A. Fanciulli, MD, PhD *Innsbruck*
M. Hilz, MD *London*
J. Jordan, MD, PhD *Hannover*
H. Kaufmann, MD *New York*
L. Norcliffe-Kaufmann, PhD *New York*
A. Pavy Le Traon, MD *Toulouse*
I. Rocha, MD *Lisbon*
J.M. Senard, MD *Toulouse*
W. Struhal, MD *Linz*
R. Thijs, MD *Leiden*
G. Van Dijk, MD *Leiden*
G.K. Wenning, MD PhD MSc *Innsbruck*

Congress Organizer

R. Kerschbaumer

Local organizing committee

Mag. G. Schobesberger
S. Eschlböck, MD
